Hi Matt,

I appreciate the invitation to talk and look forward to it. Unfortunately, the only time I have available tomorrow is after 4pm - I'm booked solid in meetings the rest of the day. Will that work for you? Alternatively, I'm in Sacto right now working while I wait for a 7pm flight home, so I'm available now and up to 7 pm if you have time today. If so, please call my cell phone. If not, then hopefully we can talk at 4 pm tomorrow.

I look forward to hearing from you!

Larry

Hi Larry,

I was wondering if you would have time to talk tomorrow on a few items? Elizabeth has asked me to follow-up with you on an enforcement issue, and I also wanted to run a couple of things by you related to the Oceano Dunes and our recent CARB technical system audit. I can make any time work, whatever works best for you.

As a heads-up, in this interim period where our Air program is shifting around management assignments, I'm serving as the Acting Deputy Air Director and helping Elizabeth as the EPA management lead for SLO issues (taking over from Amy Zimpfer). So I've wanted to talk with you for a bit, given we have only talked briefly in the past.

Thanks,

Matt
